

Do you enjoy legos? Or maybe building and exploring with robots or coding? Then join us as we create a team that participates in the FIRST® LEGO® League Challenge. Friendly competition is at the heart of the program, as students 4th-6th grade engage in research, problem-solving, coding, and engineering—designing and programming a LEGO® robot to complete missions in the Robot Game.

This team is a collaborative, competitive, and—most importantly—fun program sponsored by Marshfield United Methodist Church. It is open to all interested members of the community. Meetings are held every Tuesday at 5:30 PM (time subject to change) at Marshfield United Methodist Church. We will determine the club name at our early team meetings.

If you're interested in joining, please complete the attached application. If you have any questions contact Michael Ragsdale at michael.ragsdale@mjays.us or Marshfield United Methodist Church at marshfieldumchurch@gmail.com.

Thank you,

Michael Ragsdale
